LUNDY

You, as Manager, are responsible for your club on the field.
You, are responsible for the faulure of your club to hustle.
All clubs of Negro National League must play Streamline Baseball
at night.

Players must run in and out from positions.

Failure to have players do this, will result in the Manager
being fined. He, in turn shall fine the offending players.
This is a National League rule and must be enforced as games
are taking too long and this results in spectators staying away
from parks.

Tom Wilson
President Negro National League
